ABOUT THE CONFERENCE

The impact investing market in the Arab world, especially in the Kingdom of Saudi Arabia, is experiencing remarkable growth under Saudi Vision 2030. This vision aims to boost sustainable economic and social development by activating the roles of the private and non-profit sectors in fostering developmental impact investments that benefit the community.

The Impact Investing Conference in the Arab World enters its 3rd edition to build on these efforts by promoting the concept and practice of impact investing, facilitating the exchange of expertise and exploring both opportunities and challenges in the sector throughout the region.

This event is a pivotal gateway for consolidating efforts and sharing knowledge and experiences in impact investing, ultimately contributing to sustainable development and socio-economic prosperity. The conference leverages practices and tools that empower organizations in the impact investing field, providing them with analyses and insights based on accurate data to mitigate the challenges of impact investing in the Arab world.
